The prepaid **Solution** backyard rentals

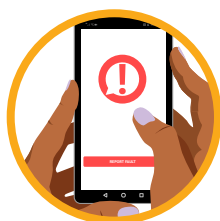

Benefits

Having submeters means that your tenants are responsible for their utility bills.

Installing Webill meters means that you won't be paying for the electricity your tenants use and then have to try and get your money back from them.

Quickly and easily see how much money is owed to you from tenants and detect any attempts to bypass the meter.

The Mobile app lets you and your tenants see exactly how much electricity they have used. No more disputes over billing and no hidden costs.

Detailed hourly usage breakdowns make it easy to dispute utility bills.

Guaranteed *recoveries*.
