## Simple and effective Cost-recovery

- Extensive tariff management software helps you use the correct tariffs and time of use billing to legitimately and legally over-recover the cost of your utility bills
- Eliminate middleman payouts from token-based prepaid systems.

## Billing Transparency

- Easily verify the accuracy of your utility bills with hour-by-hour accounting.

## Improved Cash Flow

- Webill systems provide a fast 2-4 week payback period instead of the 2-3 month period of other systems.
- We've automated remittances + payments for quick cost recovery.

## Robust Revenue Protection

- You can lose money if you are being billed for time-of-use by the utility but need to bill tenants accordingly. WeBill offers the only prepaid time-of-use system available.
- Detect attempts to bypass or tamper with meters in real-time.
- Alerts of non-reporting meters, linked directly to Field Workers for investigation.

## Levies

- WeBill's digital wallet system allows users to easily top up prepaid meters and allows for the billing and collection of levies from one place.
